PROFILE

Frontend Developer with expertise in Angular, HTML, CSS, and JavaScript, and hands-on experience in Python and Django. Skilled in building responsive, user-focused interfaces and writing clean, maintainable code. Focused on delivering scalable, modern web applications in collaborative, team-driven environments.

PROFESSIONAL EXPERIENCE

Financial Software & Systems Pvt. Ltd.

02/2023 – Present | Chennai, India

Software Engineer

- Developed and maintained responsive web applications and dashboards for high-profile banking clients using Angular, HTML, CSS, JavaScript, Bootstrap, and Flutter.
- Collaborated with UX/UI teams to convert Figma designs into pixel-perfect interfaces for payment gateway and merchant portal applications.
- Upgraded legacy codebases for cross-browser compatibility and enhanced performance, achieving faster load times and improved user experience.
- Gained exposure to backend technologies including Java and Spring Boot, supporting full-stack workflows and API integrations.
- Followed Agile methodologies, participated in code reviews, used Bitbucket for version control, and contributed to performance optimization and debugging efforts.

PROJECTS

StayNest – Homestay Booking Platform

- Developed the front end using Angular, creating a responsive and user-friendly interface.
- Built the backend with Node.js to handle booking management and server-side operations.
- Integrated Razorpay for secure and smooth payment processing.
- Deployed the application using GitHub Pages (for frontend) and Render (for backend) to ensure easy accessibility and deployment.

Technologies: Angular, Node.js, Razorpay, GitHub Pages, Render

Social Media Website

- Created a dynamic platform using Django with secure authentication and personalized user profiles.
- Implemented core social features including content posting, likes, and comments.
- Designed the interface with responsiveness in mind to ensure a seamless experience across various devices.

Technologies: Django, HTML, CSS, JavaScript

SKILLS

Technical Skills:

- **Languages/Technologies:** HTML, CSS, JavaScript, TypeScript, Python
- **Frameworks/Libraries:** Angular, Flutter, Django
- **Tools:** Git, VS Code, Postman, Bitbucket
- **Databases:** MySQL, Firebase
